AES students will be eligible to participate in GAPPS in the grade that is appropriate with his/her age. However, the eligibility will be limited by the actual current grade level of this student. This would only apply if the student was further along in school than their age indicates. Example: If the student is 13 years old but is technically in 11th grade. The 13-year-old will be eligible to play 8th grade sports. But his/her eligibility will end when he/she finishes the 12th grade. This rule is for the safety of the participant.

As of September 1st, of the current year, what grade level and age are the student?

Grade _____ / Age _____

I have read and understand all rules regarding AES participation in the GAPPS manual. I am also aware of the \$10.00 per AES student fee associated with the submission of this application. This \$10.00 fee will be billed directly to the member school at the Student Addition Deadline each season. At this time, all AES forms must be submitted to the GAPPS website for approval for that season.
